

The Fleet Sailing Programme

As some of you are aware, Tony Stattersfield the committee member responsible for our sailing programme has been working in the Falklands over the winter, unexpectedly after a very short break at home he will now be returning there until late spring.

Tony has prepared an initial programme for 2020 which now needs firming up, this will be difficult for him to do whilst away.

I therefore most grateful to Richard Readings who has agreed to join the Fleet Committee as a co-opted member for the rest of this year and with the support of Graham Reed will take over responsibility for the programme.

I know that Richard will be pleased to hear from any Fleet member who may be interested in organising a Rally and may be contacted after the 24th February at cruisingsailing@parkstoneyc.co.uk

Malcolm Parker
Cruising Fleet Captain
